TROGNON
Jean-Baptiste

As a general engineering student in my 3rd year at IMT Mines Alès, interested in computer science in general, I'm looking for an end-of-study internship in the field of computer science, and in particular data science.

End-of-study internship in Data Science (4 to 6 months)

Personal Details

- Alès, 30100, France
- Driving licence

jean-baptiste.trognon@mines-ales.org
BetoJava.github.io

SKILLS

- **Programming**
  Python, Java, R, SQL, C#, CSS/JS
- **Design**
  Adobe Photoshop, Adobe Illustrator, Canva
- **Creative**
- **Organized**
- **Problem-solving**

LANGUAGES

- **French**
  native language
- **English**
  B2 (TOEIC 925/990)
- **German**
  A2

INTERESTS

- **Reading**
  Reading books on communication, personal development and other subjects with a view to learning more.
- **Sports**
  Parkour, Freerun, Trampoline, Gymnastics, Hiking
- **Arts**
  Paper and computer drawings, logo, and practice drums, guitar, piano and singing
- **Computer science**
  Programming for games, websites and more. See Github

**References available upon request*

WORK EXPERIENCE

- **Research internship in Machine Learning and Cybersecurity**
  Czech Technical University - Prague, Czech Republic | May - August 2023
  4-month research internship and writing of a scientific article.
  - Research, analysis and visualization of cyber attack datasets
  - Training of Machine Learning models to improve NIDS (Network Intrusion Detection Systems).
  - Application of Cross-Machine-Learning to optimize performance
- **R&D mission: CNN object detection**
  INSERM & IMT Mines Alès - Alès (30) | February - April 2023
  - Segmentation of crosswalks on images with YOLOv7 (CNN object detection model)
  - Automatic retrieval of freely accessible images from Mapillary
  - Annotation of 14,000 images with LabelMe
- **Eco-district creation mission**
  Town Hall of Saint-Hilaire-de-Brethmas (30) | June 2022
  - Identification and benchmarking of materials for eco-district construction
  - Drafting of an eco-district construction guide

EDUCATIONS

- **General engineering training** - Computer Science and Artificial Intelligence option
  IMT Mines Alès - Alès (30) | 2021 - 2024
  - Multiplayer TowerFall game projects (Java, git, libGDX)
  - Agile method and Scrum management
  - Software engineering project (specifications and Java/SQL program for industrial calculation software)
  - Web scraping project on Elon Musk's movements (Python)
  - Project Machine Learning prediction victory League of Legends (Python)
  - Hugging Face model implementation project on a Web server (Python, Flask, Django)

  Complex Project Manager option
  - Case study : Setting up a refinery
  - Financial, team and planning management (GANTT, Microsoft Project)
  - Law, Contracts, Risk management
- **Intensive program preparing for the national competitive exam for entry to engineering schools** - Maths and Physics option
  High school La Fayette - Clermont-Ferrand (63) | 2019 - 2021

EXTRACURRICULAR PROJECTS

- **President** - BDA (Arts Council)
  IMT Mines Alès - Alès (30) | 2022 - 2023
  - Managed a team of 25 people
  - Organized many artistic events
